

Curriculum Vitae

About me

Donizetti Kurtz

[linkedin.com/in/donizettik](https://www.linkedin.com/in/donizettik)

Specialist in Model Risk Management and AI Governance with a strong background in data science, mathematics, and regulatory compliance. Experienced in auditing and validating machine learning models, developing XAI frameworks, and collaborating with multicultural teams to ensure transparent, reliable, and regulation-aligned AI solutions in financial institutions.

Experience

Model Audit Specialist

Bradesco

Sep 2024 – Present

- Led the **establishment of Bradesco's Model Audit function** and, using the proposed framework, reviewed PD, LGD, and EAD models developed under Resolution 4966 to ensure regulatory compliance, methodological soundness, and transparency across risk portfolios.
- Developing methodologies for **model governance and explainability (XAI)**, ensuring transparency and accountability in AI-driven decision-making.

Data Science Coordinator

Bradesco

Dec 2023 – Aug 2024

- **Developed indicators for executive** dashboards tracking performance across 2,000+ branches, improving decision-making and operational efficiency.
- Trained data scientists on **on-premises infrastructure (Hive, PySpark)**, improving scalability and operational efficiency in data projects.
- Developed **machine learning models** for anomaly detection in compliance processes using clustering and classification techniques.
- Provided technical leadership in the **deployment of analytical solutions** aimed at regulatory risk mitigation.
- Participated in projects involving IRRBB, IFRS 17, and Solvency II compliance.
- Collaborated with **multicultural teams** (Mexico, Colombia, Peru, Argentina, Spain) and completed a technical immersion in Madrid (Mar/2020).
- **Validated prudential and credit risk models**, ensuring compliance with global regulatory standards.

Data Scientist

Bradesco

Mar 2021 – Nov 2023

Consultant

Management Solutions

Aug 2018 – Feb 2021

Education

2022 – Graduate Course in Mining Complex Data | UNICAMP

2017 – Master's Degree in Mathematics | UNICAMP

2014 – Bachelor's Degree in Mathematics | UNESP

Skills

Python | PySpark | SQL | Hive | Databricks | GitHub | Excel (Advanced Analytics) |
Model Risk Management | Model Validation | IFRS 9 / 17 | Solvency II | SR 11-7 | PRA SS1/23 |
Explainable AI (SHAP, LIME) | Risk Governance | Model Monitoring
